Journal of Taxonomy and Biodiversity Research

Volume 5

December 2011

EDITORIAL

The online version of volume 5 of the year 2011 is now published. It is expected that the print issue will come out soon. The present volume contains 6 full papers, 1 review paper and 2 short notes. A new addition is a book review. There are several reasons for delayed publication for this issue, which could not be avoided. A few papers published in this volume in which the authors tried to discuss and introduce few new terms or a debatable issue. The Editorial Board wishes to declare that the responsibility of the terms and discussions used by the authors goes to them. So, if any query or any discussion is initiated by anybody can be directly addressed to the author through email.

Any constructive criticism of this volume will be highly appreciated.
