Journal of Taxonomy and Biodiversity Research

Volume 6

Combined issue (2012-2014)

December 2014

EDITORIAL

Due to several unavoidable circumstances volume 6 could not be published on time. As a result we have combined articles received between 2012 and 2014 and published together in 2014. I hope readers will get several important articles on taxonomy and biodiversity in this combined issue. Any inconveniences due to this delay is deeply apologised.

Professor Dr. Badrul Amin Bhuiya
Editor-in-Chief
Journal of Taxonomy and Biodiversity Research
